

Drainage Board

May 2nd 2011 - 11:36 a.m.

Meeting called to order by President Logsdon. Members Logsdon, Toler, Gogel, Surveyor Herron, Surveyor secretary Jones, Auditor Lynam, Engineer Lloyd and Attorney Robinson were present.

Minutes

Toler made a motion to approve the April 5th, 2011 minutes. Gogel seconded. All were in favor.

Surveyor's Report

Logsdon asked for the Surveyor's report. The Surveyor stated "*We have a lot of water!*" Herron stated we need a surveyor to find the ditches.

Herron submitted a copy of the bill for the new sprayer from Ohio Valley Ag, LLC P.O. Box 21159, Owensboro, and KY 42304 Invoice #0036234- IN. Herron had turned in the original invoice with a claim to the Auditor's office on 4-28-11. This claim will be paid out of the Drainage Board budget. Herron had cut the cost for this sprayer by about one-half the originally quoted price.

Logsdon asked Herron "What is some of the things you have done to help EMA with the flooding?" Herron stated he shot the elevations down by Herron's (beside Carquest) in Rockport so they could build that area up. Other than that he stated he had a lady call from Florida, over the weekend that needed help to feed her chickens, etc. Herron stated he assisted others in the county by taking them milk not a lot of surveyors work due to the flooding. Lots of smiles and laughter abound.

Herron had spoken to a couple of the councilmen that felt they would like to see more surveyor markers out in the county. When surveyors in the area do surveying and when county finds other old surveyor markings it needs to be properly marked for future simplicity. Herron discussed several different options and stated he will have some samples to show at the next drainage board meeting. Logsdon asked him to study this and come back before the board for further discussion.

Ditch work

Ditches currently working on are Caney Creek and J.C. Hoople. There was discussion on the clean up after the waters subside.

Legal Report

None

Other Business

Logsdon asked if anyone had any other concerns. There was some discussion on the direction that the water is draining out on CR 500N. Herron stated it is draining NW.

Gogel made a motion to adjourn. Toler seconded. All in favor, the meeting was adjourned at 11:53 a.m.

Drainage Board,

President

Attest:

Donna J. Lynam, Auditor

Mubey Toler
